### **PALETTE BY NATURE PERMANENT HAIR COLOR APPLICATION GUIDE**

**PLEASE SEE COMPLETE GUIDE ON THE PRODUCT INSERT**

#### **GETTING STARTED**

1. Prepare blow dryer, hair dryer or heat lamps.
2. Put on disposable gloves.
3. Place towel around neck and shoulders to protect one's clothes or skin.
4. Using cotton swab, carefully apply thin line of NATURAL CLEANSER around hair line and on tips of ears.

#### **PROCESSING TECHNIQUES**

1. Select sections of hair to be colored.
2. **BEGIN** by pouring desired amount of ALL NATURAL BASE into bowl or applicator.
3. Apply ALL NATURAL BASE to sections from roots to ends of sections to be colored using brush or color comb.
4. Use gloved fingers to work ALL NATURAL BASE evenly through entire section by making certain that hair is completely saturated. Pay special attention to roots, hair line, gray spots and re-growth areas.
5. Return any unused product into ALL NATURAL BASE bottle for future use.
6. **NOW** pour desired amount of ALL NATURAL COLORANT into bowl or applicator.
7. Apply ALL NATURAL COLORANT on top of ALL NATURAL BASE application using brush or color comb following steps 3 and 4 above.
8. Cover hair with disposable plastic cap.
9. Apply medium/high heat around plastic cap with dryer or lamps continuously for 35-40 minutes. Use more heat for resistant gray.
10. **FINISH** by rinsing hair thoroughly until water runs clear while wearing disposable gloves
  - a. Shampoo hair with COLOR PROTECTIVE CLEANSING GEL (recommended) and rinse
  - b. Apply COLOR PROTECTIVE CONDITIONER (recommended) and rinse.
  - c. Towel dry hair and style with COLOR PROTECTIVE STYLING GEL (recommended).
